

CHAMBER FACTS

Newsletter

The Chamber Compass is a newsletter that includes updates on Chamber events and news that affects local businesses. Two annual hard copy newsletters are mailed to over 1800 Chamber members and area businesses. Four digital newsletters are e-mailed to the membership throughout the year. Advertising opportunities are available, and all digital ads are linked to the business' website, e-mail, or social site.

Survey

A survey of 2,000 adults conducted by the Shapiro Group found that 63% of consumers are more likely to purchase goods or services from a company if they are a member of the Chamber of Commerce. Membership in a chamber also increases a company's local reputation by 57%.

Government Relations

Our staff works diligently to keep up with the ever-changing business climate. New laws and regulations can be confusing, so the Chamber works hard to pass on helpful and accurate information. Whether researching economic development tools, communicating changes in legislation, or referring available business resources, the Chamber always strives to improve the county's economic climate.

Committees

The Chamber and Main Street Port Clinton have various committees in which our members are invited to participate. We value the diversity in our community and strive to represent that in our committees. Volunteers can participate in economic restructuring, downtown Port Clinton promotion, downtown design, Chamber benefits, Chamber communications, Chamber Ambassador, or a variety of event committees.

Volunteer and Job Listing

Members are encouraged to forward any available volunteer or job opportunities to Chamber. These are made available to the public including, citizens, students, and civic organizations of the community.
